

Subject	Method	Number	Hours	Credits	Comment	Period
Clinical Chemistry and Laboratory Diagnostics	lectures	3MED1101	58	3,6		only autumn semester
Clinical Chemistry and Laboratory Diagnostics	practical training	3MED3202	49	6,0		only autumn semester
Epidemiology (QSB 1)	lectures	3MED1103	28	1,7		only autumn semester
Epidemiology (QSB 1)	practical training	3MED3204	18	2,2		only autumn semester
General Pathology	lectures	3MED1105	68	4,2		only autumn semester
General Pathology	course	3MED3206	49	6,0		only autumn semester
Infectiology/ Medical Immunology (POL 1; part I of QSB 4)	lectures	3MED1107	15	0,9		only spring semester
Infectiology/ Medical Immunology (POL 1; part I of QSB 4)	tutorium	3MED3208	29	3,6		only spring semester
Introduction to clinical medicine a course in the learning clinic	course	3MED3209		3,6		only autumn semester
Internal Medicine	lectures	3MED1110	55	3,4		only autumn semester
Internal Medicine	practical course	3MED3211	30	3,7		only autumn semester
Medical Microbiology/ Virology/Hygiene	lectures	3MED1112	78	4,8		only spring semester
Medical Microbiology/ Virology/Hygiene	practical training	3MED3213	55	6,7		only spring semester
Pharmacology/ Toxicology	lectures	3MED1114	58	3,6		only spring semester
Pharmacology/ Toxicology	course	3MED3215	50	6,1		only spring semester
Principles of Radiology (QSB 11)	lectures	3MED1116	8	0,5		only autumn semester
Principles of Radiology (QSB 11)	course	3MED3217	4	0,5		only autumn semester
History of Medicine/Ethics (QSB 2)	lectures	3MED1118	28	1,7		only autumn semester
History of Medicine/Ethics (QSB 2)	course	3MED3219	8	1,0		only autumn semester
Anaesthesiology	lectures	4MED1120	30	1,6		only autumn semester
Anaesthesiology	practical training	4MED3221	24	2,5		available in autumn or spring semester
Clinical Pharmacology (part I of QSB 9)	lectures	4MED1122	23	1,2		only spring semester
Clinical Pharmacology (part I of QSB 9)	course	4MED3223	20	2,1		available in autumn or spring semester

Subject	Method	Number	Hours	Credits	Comment	Period
Clinical Radiology (QSB 11)	lectures	4MED1124	21	1,1		only spring semester
Clinical Radiology (QSB 11)	course	4MED3225	30	3,1		available in autumn or spring semester
Dermatology, Venerology	lectures	4MED1126	27	1,4		only spring semester
Dermatology, Venerology	practical training	4MED3227	20	2,1		available in autumn or spring semester
Emergency Medicine/First Aid (POL II; QSB 8)	lectures	4MED1128	27	1,5		only autumn semester
Emergency Medicine/First Aid (POL II; QSB 8)	tutorial	4MED3229	31	3,2		only autumn semester
Emergency Medicine/First Aid (POL II; QSB 8)	practical training	4MED3230	8	0,8		only autumn semester
Environmental Medicine (QSB 6)	lectures	4MED1131	14	0,7		only autumn semester
Environmental Medicine (QSB 6)	course	4MED3232	4	0,4		available in autumn or spring semester
General Medicine	lectures	4MED1133	27	1,4		only spring semester
General Medicine	practical training	4MED3234	39	4,1		available in autumn or spring semester
Gynaecology and Obstetric	lectures	4MED1135	27	1,4		only autumn semester
Gynaecology and Obstetric	practical training	4MED3236	20	2,1		available in autumn or spring semester
Health Economics (QSB 3)	course	4MED3237	3	0,3		available in autumn or spring semester
Human Genetics as part of Paediatrics	lectures	4MED1138	14	0,7		only spring semester
Human Genetics as part of Paediatrics	practical training	4MED3239	4	0,4		available in autumn or spring semester
Infectiology, Immunology (part II of QSB 4)	course	4MED3240	10	1,0		available in autumn or spring semester
Internal Medicine	lectures	4MED1141	60	3,1		only autumn semester
Internal Medicine	practical training	4MED3242	40	4,2		available in autumn or spring semester

Subject	Method	Number	Hours	Credits	Comment	Period
Paediatrics	lectures	4MED1143	52	2,7		only spring semester
Paediatrics	practical training	4MED3244	36	3,8		available in autumn or spring semester
Prevention (QSB 10)	course	4MED3245	4	0,4		available in autumn or spring semester
Special Pathology/Clinical-Pathological Conference (QSB 5)	lectures	4MED1146	55	2,9		only spring semester
Special Pathology/Clinical-Pathological Conference (QSB 5)	course	4MED3247	19	2,0		available in autumn or spring semester
Traumatology as part of Surgery I	lectures	4MED1148	10	0,5		only autumn semester
Traumatology as part of Surgery I	practical training	4MED3249	10	1		available in autumn or spring semester
Urology	lectures	4MED1150	27	1,4		only spring semester
Urology	practical training	4MED3251	10	1		available in autumn or spring semester
Visceral Surgery	lectures	4MED1152	31	1,6		only autumn semester
Visceral Surgery	practical training	4MED3253	20	2,1		available in autumn or spring semester
Cardiac Surgery as part of Surgery II	lectures	5MED1154	10	0,6		only autumn semester
Cardiac Surgery as part of Surgery II	practical course	5MED3255	10	1,2		available in autumn or spring semester
Clinical Pharmacology (part II of QSB 9)	lectures	5MED1156	31	1,9		only autumn semester
Clinical Pharmacology (part II of QSB)	course	5MED3257	8	1,0		available in autumn or spring semester
Elective Course	practical course	5MED3258	27	3,3		available in autumn or spring semester
Environmental Medicine (QSB 6)	course	5MED3259	2	0,2		available in autumn or spring semester
Forensic Medicine	lectures	5MED1160	28	1,7		only autumn semester

Subject	Method	Number	Hours	Credits	Comment	Period
Forensic Medicine	practical course	5MED3261	16	1,9		available in autumn or spring semester
Geriatrics (POL III, QSB 7)	lectures	5MED1162	25	1,5		only spring semester
Geriatrics (POL III, QSB 7)	tutorium	5MED3263	24	2,9		only spring semester
Geriatrics (QSB 7)	course	5MED3264	7	0,8		available in autumn or spring semester
Health Economics (QSB 3)	lectures	5MED1165	20	1,2		only autumn semester
Health Economics (QSB 3)	course	5MED3266	1	0,1		available in autumn or spring semester
Infectiology, Immunology (part II of QSB 4)	lectures	5MED1167	14	0,8		only spring semester
Infectiology, Immunology (part II of QSB 4)	course	5MED3268	4	0,5		available in autumn or spring semester
Internal Medicine	lectures	5MED1169	42	2,5		only spring semester
Internal Medicine	practical course	5MED3270	30	3,6		available in autumn or spring semester
Neuro Surgery as part of Surgery II	lectures	5MED1171	9	0,5		only autumn semester
Neuro Surgery as part of Surgery II	practical course	5MED3272	10	1,2		available in autumn or spring semester
Neurology	lectures	5MED1173	26	1,6		only autumn semester
Neurology	practical course	5MED3274	18	2,2		available in autumn or spring semester
Occupational Medicine	lectures	5MED1175	7	0,4		only autumn semester
Occupational Medicine	practical course	5MED3276	3	0,4		available in autumn or spring semester
Ophthalmology	lectures	5MED1177	27	1,6		only spring semester
Ophthalmology	practical course	5MED3278	10	1,2		available in autumn or spring semester
Oral and Maxillofacial Surgery as part of Surgery II	lectures	5MED1179	10	0,6		only autumn semester

Subject	Method	Number	Hours	Credits	Comment	Period
Oral and Maxillofacial Surgery as part of Surgery II	practical course	5MED3280	4	0,5		available in autumn or spring semester
Orthopaedics	lectures	5MED1181	27	1,6		only autumn semester
Orthopaedics	practical course	5MED3282	20	2,4		available in autumn or spring semester
Otorhinolaryngology	lectures	5MED1183	27	1,6		only spring semester
Otorhinolaryngology	practical course	5MED3284	20	2,4		available in autumn or spring semester
Paediatric Surgery as part of Surgery II	lectures	5MED1185	9	0,5		only autumn semester
Paediatric Surgery as part of Surgery II	practical training	5MED3286	6	0,7		available in autumn or spring semester
Pain Medicine (QSB 14)	lectures	5MED1187	8	0,5		only spring semester
Pain Medicine (QSB 14)	practical training	5MED3288	4	0,5		available in autumn or spring semester
Palliative Medicine (QSB 13)	lectures	5MED1189	11	0,7		only spring semester
Palliative Medicine (QSB 13)	course	5MED3290	5	0,6		available in autumn or spring semester
Prevention (QSB 10)	lectures	5MED1191	14	0,8		only spring semester
Prevention (QSB 10)	course	5MED3292	6	0,7		available in autumn or spring semester
Psychiatry	lectures	5MED1193	27	1,6		only autumn semester
Psychiatry	practical course	5MED3294	22	2,7		available in autumn or spring semester
Psychosomatic Medicine	lectures	5MED1195	27	1,6		only autumn semester
Psychosomatic Medicine	practical course	5MED3296	20	2,4		available in autumn or spring semester
Rehabilitation (QSB 12)	lectures	5MED1197	14	0,8		only spring semester
Rehabilitation (QSB 12)	course	5MED3298	5	0,6		available in autumn or spring semester

ECTS-Studienablauf ab WS 2019-20

Subject	Method	Number	Hours	Credits	Comment	Period
Special Pathology/Clinical-Pathological Conference (QSB 5)	course	5MED3299	6	0,7		available in autumn or spring semester
